Presidents Day Holiday Safety Message

1. Winter is not over! This season has brought snow, ice and slippery conditions. Serious injuries can result from slips, trips, and falls and are the most common injuries during this time of year. I solicit everyone's support in emphasizing the importance of protecting yourself, family members and battle buddies during treacherous conditions.
2. Stay on designated walkways that have been cleared of snow and ice. Do not walk in the street. Wear sturdy footwear with traction. Always use handrails when climbing up and down stairs. Ensure your vehicle is in good working order. Travel in pairs. If you must travel alone, have a fully charged cell phone and let a family member or buddy know your destination.
3. Involved leadership makes a difference! Don't drink and drive or travel on public transportation under the influence of alcohol. Respect yourself, the organization you represent and others around you. We need the entire CASCOTeam - Soldiers, Family Members, Civilians, and Contractors -to return safe and rested.

Support Starts Here!
